Re: Rural Fishing Pond - Wellington, Utah

Dear Paul,

Per your telephone conversation with Ken Powell today, I would like to confirm that Wellington City is in full support of the development of a fishing pond on the Knight Ideal Property which the City owns. The City is excited about the possibility of developing this property for recreational purposes and the fishing pond would fit perfectly in our plans.

If the City can assist you in any way, please feel free to contact Ken Powell,. 435-637-5213.

Sincerely,

A handwritten signature in dark ink that reads "Karl R. Houskeeper". The signature is written in a cursive style with a large, stylized "K" and "H".

Karl R Houskeeper, Mayor
